SOFT SKILLS

- Problem-Solving
- Team collaboration
- Effective Communication
- Adaptability
- Time Management
- Critical Thinking
- Creativity
- Leadership Potential

EXPERIENCE

WEB DEVELOPER | GRAPHIC DESIGNER

Freelance

2024 - Present

MATH TUTOR | PART TIME

GCE O/L

2023 - Present

LANGUAGES

- English (Fluent)
- Tamil (Native)
- Sinhala (Fluent)

SUMMARY

Software Engineering undergraduate with a passion for building practical, user-focused digital solutions. Experienced in developing web and mobile applications through academic and personal projects, with a strong interest in full stack development and emerging technologies. Eager to contribute, learn, and grow in a professional environment while delivering high-quality results.

TECHNICAL SKILLS

- **Programming Languages :** Java, JavaScript, PHP, C#, C++, R, Python
- **Web & Backend :**
HTML5, CSS3, Node.js, Express.js, React, Next.js, REST APIs
- **Mobile Development :** Android Studio, Java (Android), XML
- **Databases & Storage :** MySQL, MongoDB, Firebase, Cloudinary
- **Tools :** Git, GitHub, Visual Studio Code, Visual Studio, Android Studio

EDUCATION

BSC (HONS) COMPUTER SCIENCE (SOFTWARE ENGINEERING) (R)

CINEC CAMPUS

Affiliated with University of Wolverhampton - UK

HIGHER DIPLOMA IN COMPUTING AND SOFTWARE ENGINEERING (DISTINCTION)

International College of Business and Technology (ICBT CAMPUS)

Affiliated with Cardiff Metropolitan University - UK

2024 - 2026

G.C.E ADVANCED LEVEL – PHYSICAL SCIENCE STREAM

Baduriya National School, Mawanella

2023

G.C.E ORDINARY LEVEL

Baduriya National School, Mawanella

2020

PROJECTS

- **The Gadget Hub Web Application**

Developed a smart ordering platform that compares distributor prices and automates order placement using HTML, CSS, JavaScript, and .NET APIs.

- **LuxeVista Resort Mobile App**

Developed a native Android hotel booking and service management application using Java, XML, and Firebase. Implemented authentication, room booking, service booking, and notification features.

- **ShareLanka Web Application**

Built a donation platform for reusable goods using React, Node.js, and Tailwind CSS. Designed a modern user interface and supported item listing and sharing functionalities.

- **GreenLife Wellness Web Application**

Created a dynamic booking and service management system using HTML, CSS, JavaScript, and PHP with a responsive user interface and backend integration.

- **Orchi Flora – Temperature Analyzing System**

Built a C++ console application to record and analyze temperature variations and evaluate environmental suitability for orchid plant growth.

- **The Paws Shop – Pet Supply Management System**

Developed a Java console application implementing OOP concepts with multi-user roles to manage pet supply transactions and inventory operations.

CERTIFICATIONS

- Introduction To AI – **GOOGLE**
- Discovering Entrepreneurship – **Cisco**
- AWS Educate Machine Learning Foundations – **AWS**
- Python Essentials 1 – **Cisco**
- Python Essentials 2 – **Cisco**
- Introduction To Data Science – **Cisco**
- Postman API Fundamentals Student Expert – **Postman**
- JavaScript Essentials 2 – **Cisco**
- Introduction To Modern AI – **Cisco**
- GenZis.AI Certification – **ICBT Campus**

EXTRA CURRICULAM

- **Student Council Member – ICBT Kandy Campus**

Supported student engagement programs and assisted in organizing campus events and activities.

- **Team/Project Leader – Academic Projects, ICBT Kandy Campus**

Led student project teams by assigning tasks, managing timelines, and ensuring successful project completion.

- **Media Unit Member – Baduriya National School**

Assisted in event media coverage, digital content preparation, and promotional activities.

- **Senior Scouts Member – Baduriya National School**

Participated in leadership training, teamwork activities, and community service programs.
